CIRCUS PERFORMERS.

So Then the Circus is a Very Serious Affair.

To circus people the circus is a very serious thing. When a bareback rider flips to the ground after a somersault it is his business to land on the audience in all sympathy, as if feeling it self how it is to fall before so many people. Very little the performer cares for all the vast multitude. His mind is on the superintendent, his particular superintendent, who is watching him at the side of the arena, and who, when he goes off, is sure to ask very pointedly how his eye happened to be inaccurate or his muscles infirm. There is no place in the circus for performers who fail.

Even the clowns look a little bit serious behind the scenes. But perhaps that is only because the black lines they paint on their whitened visages are always so grim and solemn. And what a wilderness of fun making people there are in the circus—circus—the Bumpkin, the Loon, the Harlequin, the Grinner, the Merry Andrew, the Austrian Loozy, the Zany, the Pierrot, the Punch, the Motley Fool and finally the German Broad Face, whose name is Paddy Burke! One of the clowns was sitting on his trunk in the dressing room licking a stick of black paint and rubbing it on his cheeks so as to make a most funeral expression. The small boy asked him what kind of a clown he was. He said that he was just "Funny Friskey," and he got his visiting card out of his trunk. It read, "H. Friskey, Clown and Comedian," and it had a heavy gold rim, which made it very imposing. In the four corners it said Europe and Asia and Africa and America, which showed that H. Friskey's fame had reached the four corners of the world. "Until you saw his merry capers in the ring you never could believe that a man with such a serious face and such an imposing visiting card could be either funny or frisky," Metropolitan Magazine.

FISHING LINES.

The Very Finest Are Those Formed From Silkworm Gut.

Silkworm gut forms the best line for fishing purposes partly on account of its great tenacity and partly because it is so transparent. Every year a sufficient number of Spanish silkworm grubs are selected for this purpose. After they have eaten enough mulberry leaves and before they begin to spin they are thrown into vinegar for several hours. Each insect is killed, and the substance which the grub in the natural course would have spun into a cocoon is forcibly drawn from the dead worm into a much thicker and shorter silken thread.

The threads are then placed in pure water for about four hours and afterward dipped for ten minutes in a solution of soft soap. The fine outer skin is thus loosened, so that the workman can remove it with his hands. The threads must be dried in a shady place and are often bleached with sulphur vapor until they acquire the bright appearance of spun glass.—London Telegraph.

TRUTH OR PARADOX?

Life levels all men; death reveals the eminent.

Liberty means responsibility. That is why most men dread it.

While we have prisons it matters little which of us occupy the cells.

Titles distinguish the mediocre, embarrass the superior and are disgraced by the inferior.

Democracy substitutes election by the incompetent many for appointment by the corrupt few.

Do not do unto others as you would that they should do unto you. Their tastes may not be the same.

Your word can never be as good as your bond, because your memory can never be as trustworthy as your honor.

If you strike a child take care that you strike it in anger, even at the risk of maiming it for life. A blow in cold blood neither can nor should be forgiven.—From George Bernard Shaw's "Man and Superman."

A Definition.

Little Clarence—Pa, what is an optimist? Mr. Callipers—An optimist, my son, is a person who doesn't care what happens if it doesn't happen to him.—Puck.

Whoever dreads punishment suffers it, and whoever deserves it dreads it.—Colton.

STROLLING MINSTRELS.

West India Negroes Have Music and Masquerades Christmas.

Christmas in the West Indies is a very jovial, rollicking affair, at least in the estimation of the negroes. The great feature of the season is the series of masquerades or mystery plays enacted by strolling negro performers.

These are of two sorts, representations of such Biblical stories as that of David and Goliath, when you may see the jolly actors clad in such historically accurate garments as "bottick" trousers and crettonne coats of flaming patterns, and those of a purely local character. Of these last is the monogoose play, which is peculiar to St. Kitts and the object of which is to wage mimic war against the destructive pest which is the curse of the island. These strolling players are the chief feature of Christmas celebrations.

They are quite an imposing lot of men, with a good ear for music, and as you watch their antics you might easily imagine that instead of being in a civilized British colony you were back in the heart of Africa, assisting at some savage death dance or other heathen rite.—Detroit Free Press.

BOOZE OR MEDICINE?

OPEN AIR TREATMENT.

Reasons For Its Good Results In Cases of Consumption.

The advantages of the open air treatment for consumptives may be thus briefly summarized: The patient exposed continuously to fresh air gains in appetite, assimilates his food better, sleeps more soundly and awakens more refreshed. Free exposure to air is the best antipyretic. Sweating at night, formerly so common a symptom, usually ceases. Colds are practically unknown among patients leading an open air life. Secondary infection, on account of the comparative freedom of the air from micro organisms, is much less likely to occur. Tolerance of outside air is very quickly established, and no one who has tried the open air life will willingly go back to the former conditions of stuffiness. I have never seen any one made worse by exposure to fresh air. Even during a thick London fog patients get on better lying in bed on a balcony or in rooms with windows wide open and a good fire burning than when attempts are made to shut out the fog by keeping the windows shut.—Dr. H. W. G. Mackenzie in London Lancet.

Which will you have? If a woman suffering from one of the delicate ailments peculiar to her sex it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advertised for such maladies which is absolutely free from intoxicating liquors and all other harmful agents. The good you feel from its use is not the delusive exhilaration from a tipping beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its bracing and invigorating action, but its benefits are none the less positive and, best of all, they are lasting. It's an honest medicine—not a beverage.

"I have been taking your medicine for the last three weeks and can say I am gaining strength," writes Mrs. South Kimmy, of 608 East Madison Street, Mount Pleasant, Iowa. "I have been having very poor health all winter, I devoted our family doctor but was relieved only while taking the medicine. I took Dr. Pierce's medicine several years ago. I knew it was good for any one suffering with female trouble. Have taken only one bottle and am gaining strength very fast. I could not eat or sleep when I began taking the 'Favorite Prescription.' Heart throbbing and I had cold and numb spells till my heart would almost stop beating. Have had one bottle and feel like taking your medicine. If I continue with your treatment, an positive I will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can help her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book the Common Sense Medical Adviser, in stiff paper covers, will be sent free for 21 cent stamps the bare cost of mailing, or send 51 cent stamps for bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equalled. They are purely vegetable, concentrated and refined purely American principles, extracted from native American Livers and Bowels and contain no harmful drugs, torrid and dangerous stomachics. Livers and Bowels and their attendant ailments. One or two a laxative, two or four a cathartic.

Don't allow the dealer to insult your intelligence by offering his own remedy to you instead of this well-known preparation of Dr. Pierce.

Need Never Approach Himself.

"What word did her father send after he had found out about your elopement?"

"Oh, he wrote me a very kind letter, saying he was glad we'd taken that course, as it relieved him of the necessity of giving his consent and having it on his mind all the rest of his life."—Chicago Record-Herald.

Sympathy.

"Have you congratulated our hostess on her birthday?"

"No," answered Miss Cayenne; "I have condescended with her."—Washington Star.

The Situation.

Mrs. Knecker—Does your cook know her place? Mrs. Bocker—That's just the trouble; she knows any number of them.—Harper's Bazar.

Antiseptic Baptism.

"The Joneses took every precaution at the christening of their first baby."

"Every precaution?"

"Yes; they boiled the water."—Cleveland Leader.

Patience is not nerveless and weak, but vigorous and powerful. The Scriptural synonym is steadfast endurance.—Boston Watchman.

FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and

SCOTT'S EMULSION

is the easiest and most effective form of cod liver oil. Here's a natural order of things that shows why Scott's Emulsion is of so much value in all cases of scrofula and consumption. More fat, more weight, more nourishment, that's why.

Accordingly you are requested to all out the assessment blanks in question and deliver the same at the office of the Assessor immediately, making oath thereto.

The property of all persons who refuse or neglect to furnish such statement will be arbitrarily assessed; and such assessment will not be subject to equalization. Refusal to furnish the statement above required will subject the person refusing to a fine of \$100.

A State Poll Tax of \$2, if paid before the first Monday in July, and if not paid until after said date, then \$3 is required of every male inhabitant of this county over 21 and under 60 years of age, except paupers, insane persons and Indians, not taxed; and a demand upon all persons liable therefor is hereby made to the payment of same, either at this office or to the deputies in the field.

Any information relating to the assessments will be furnished upon application to the Assessor's office.

C. D. HATWARD,
 County Assessor.

which were much appreciated. After the
musical program dainty refreshments
were served.

DEATH OF CURTIS TOBEY, SR.

He Had Been Resident of Menlo
Park for Eight Years.

Early yesterday morning Curtis
Tobey Sr. passed away at his home at
Menlo Park after an illness of four
weeks. Over a month ago he was
stricken with paralysis and for a time it
was thought he would recover but later
he gradually grew worse and the end
came suddenly yesterday morning.
Mr. Tobey was a native of Plymouth,
Mass., but at an early date came to San
Francisco and engaged in the foundry
business. He was well known in San
Francisco for his integrity, honesty and
business ability. Mr. Tobey was a citi-
zen of sterling worth, broad-gauged in his
views. He was aged 66 years and had
been a resident of Menlo Park for the
past eight years. Besides his widow he
leaves a young daughter Miss Theo
Tobey, and one son, the well-known
architect, Curtis Tobey Jr. The funeral
will take place from his late residence
at Menlo Park Monday and the remains
will be placed on the 11:58 train and
the interment will be in Cypress Lawn
Cemetery.

WILL ERECT AN ORPHANAGE.

Heirs of Colonel C. F. Crocker Will
Provide the Necessary Funds.

An orphanage is to be erected at San
Mateo on the Bishop Armitage Orphan-
age grounds. The money will be pro-
vided by the heirs of Colonel C. F.
Crocker. The fact that they are orphans
and residents of San Mateo makes their
action peculiarly fitting. The cost of
the buildings has not yet been estimated,
nor have any plans for their construction
been submitted. It is positively
known, however, that the offer has been
made to the Bishop Armitage Orphan-
age, and that the matter was discussed
at a meeting recently. At that time it
was decided that the plan the plan
should not be made public for a time.

Bishop Nichols is quoted as saying
that the present buildings for the
orphanage are too few and too small.
They are the gift of George W. Gibbs,
and were formerly an estate of about
twenty acres, on which stood some old
school buildings. They house there
now 200 orphans boys.

SHOULD BE RESTRICTED.

Claim Beds Being Despoiled by Chi-
nese and Japanese.

Very few people are aware of the fact
that the local marshes are rapidly being
robbed of their clams, and unless some
legislation is passed to protect the bi-
valves there will be none left, and the
clam bakes now so much enjoyed by
many will become a thing of the past.
The Japanese and Chinese are engaged
in the business of extermination. From
Redwood City alone as many as twenty
boxes are shipped daily to San Fran-
cisco, and as many more go from Belmont
and other towns along the line of the
railroad. At this rate it will only take
a few years to exterminate the clams.
There should be a limit placed on the
catch the same as on trout and shell
fish. There also should be a closed sea-
son.

The Chinese have stripped the Alameda
sloughs of their clams, and now they
begin their work of extermination on
the San Mateo county marshes.
Shall they be allowed to do so? We be-
lieve the Board of Supervisors has power
to stop this work of destruction, and
local sportsmen should bring the matter
before that body before it is too late.

Trout Fishing Season.

The trout fishing season will open the
first of April and will close the first day
of November. Those interested in the
protection of game talked considerable
about having the month of April closed
but the Fish Commission deemed such
a course unwarrantable.

District Meetings.

The second of the series of district
meetings of the I. O. O. F. lodges from
Mayfield, Mountain View, Palo Alto,
Redwood City, and San Mateo, will be
held on this evening in I. O. O. F. hall,
San Mateo. Visiting Rebeccas and Odd
Fellows are cordially invited to attend.

Allie Glennan's Remains.

John W. Glennan has received word
that the remains of his son Albion will
arrive in San Francisco during the early
part of next week. It will be remem-
bered that the unfortunate young man
was murdered by a Japanese in the
Hawaiian Islands, January, 1904. It
was impossible to bring the body home
at that time, but as soon as the statu-
tory period of one year had elapsed, the
remains were disinterred by Superin-
tendent Baldwin of the Mackawili
plantation on which he was employed
and sent home. Mr. Glennan has ar-
ranged for a simple service to be held at
Cypress Lawn as soon as the body
arrives and all that is mortal of Allie
Glennan will be placed in its last rest-
ing place in his native country.

THE BREEN JURY DISAGREES.

The Jury Stood Nine for Conviction
and Three for Acquittal.

The trial of Jeffrey E. Breen, charged
with manslaughter for the killing of
Peter Olsen at Burlingame December
last, was held in the Superior Court
this week. Tuesday and Wednesday
morning were spent in selecting a jury.
District Attorney Bullock represented
the people while Judge E. F. Fitz-
patrick and Messrs. Schmitt & Freider-
ich of San Francisco appeared for the
defense. There was not much testimony
and the case went to the jury at 4:10
Wednesday afternoon. After remain-
ing out about two hours the jury an-
nounced its inability to agree upon a ver-
dict, the different ballots showing nine
for conviction and three for acquittal.

The case is the result of an unfortu-
nate affair. Breen who is an industrious,
sober man, supposed that he was firing
on a man named Mitchell who was
drunk and quarrelsome on the day be-
fore the shooting and had made threats
against the lives of some of the em-
ployees of the nursery where they both
worked. In the early hours of the
morning following Mitchell threats,
Breen who was in the engine room saw
a man approaching. He called to him
to halt and picked up his gun for pro-
tection. In some unknown way the
weapon was discharged and Breen found
that it was Olsen whom he had killed.

His grief was great when he found this
out for he was a great friend of the
deceased. He insisted on paying all of
the funeral expenses and made amend-
ment possible for his terrible mistake. It
is not known when a second trial will
be held.

TOWN COUNCIL.

Contra Costa Construction Com-
pany the Lowest Bidder.

The meeting of the City Fathers was
exceptionally well attended Monday
night, owing to the fact that the bids
for laying the new water mains were to
be opened. The proposals to do the
work came mostly from outside firms,
although there were local bidders, and
the prices ranged from 23 1/2 cents a lin-
eal foot to 12 1/2 cents. Between the bid
of E. W. McClellan and the Contra
Costa Construction Co., the corporation
to whom the work was awarded, there
was a difference of but six hundredths
of a cent. The bids were as follows:

H. H. McGarvey 17 cents
H. B. Morey 22 cents
R. C. Holman 23 1/2 cents
E. W. McClellan 12 1/2 cents
C. D. Vincent 14 69-100 cents
Contra Costa Con. Co. 12 1-3 cents

James Stanley 11 1-3 cents
G. W. Cushing 14 cents
Pacific States Pipe Works 20 cents
Williams & Belser 13 cents
E. B. & A. L. Stone Co. 23 cents

C. A. Hooper, through W. Scanlan,
asked permission to connect three
houses, now being built by him, with
the city sewers, he to stand the expense.
The request was granted.

G. W. Lovie, for the Redwood City
Water Co., asked the board to order a
barn owned by A. Gubetti removed from
Chestnut street, as it is an obstruction.
As the section of Chestnut street in
question had never been accepted by
the town, a motion was made to accept
it. The motion was carried, and the
obstruction was ordered removed.

A communication from the Redwood
City Water Co. was read asking the
board to consider a raise in the price of
water. As the company had signed a
ten-year contract with the town to fur-
nish water at the present rate, the re-
quest was refused.

Mr. Lovie then asked, for the water
company, that the company be allowed
to rent the motor at the old Redwood
City Water Works. After much discus-
sion it was decided to grant the request.
The company will pay \$50 a year for the
use of the motor, and has signed a bond
of \$500 to return it to the town, at the
expiration of the contract, in good con-
dition.

Mr. Walker brought up the matter of
securing a sewer cleaning device which
he had seen in Stockton. As the cleaner
costs \$100, it was decided to have one
shipped with the understanding that
the board would not be bound to accept
it.

The foreman of the Talbot place asked
that town water be furnished his place.
He said that he would need from 15,000
to 25,000 gallons per day. A motion
carried to grant the request, and Super-
intendent Dickey was ordered to lay a
two-inch pipe from the main in front of
John Curran's home to Talbot's front
gate.

Mr. Luscher asked regarding a res-
taurant liquor license. Walker and
Littlejohn placed themselves on record
as being opposed to any more licenses
of any kind. It was finally decided that
Attorney Kincaid prepare an ordinance
to cover the question. This will be
voted on next week.

On motion of Foley, J. Rodgers was
allowed to move his saloon from its
present location to the depot corner.
Littlejohn & Walker opposed the propo-
sition.

Fourth township—D. J. Lynch.
Fifth township—E. Leighton.

Do Not Neglect Your Eyes.

Dr. J. May, the Palo Alto optician,
who regularly visits out of town every
two weeks, will be here on Wednesday,
March 11th, from 1 to 5 p. m., at Dr.

who have trouble with their eyes to call.
No charge for examination.

COUNTY BOARD IN SESSION

Official Business Transacted by the Su-
pervisors at Last Meeting.

The San Mateo Power Company
Applies for a Franchise.
Officials Report.

The Board of Supervisors met in regu-
lar session Monday. All of the mem-
bers were present.

A petition was presented by fifteen
heads of families living at Burlingame
asking for a change of the school district
boundaries of the San Mateo and Mil-
brae districts by taking from the Mil-
brae School District and annexing to
the San Mateo School District the fol-
lowing described territory:

All that certain land situate and be-
ing in the County of San Mateo, State
of California, described as follows,
to wit: Commencing at the corner of
sections 7, 8, 17, and 18, township 4
south, range 4 west, M. D. M., being a
point in the northerly boundary of the
San Mateo School District, and running
thence along the present northerly bound-
ary of said School District the follow-
ing courses and distance, to wit:

Due south to the line dividing the lands
formerly of W. H. Howard and William
Corbett, thence following said line south-
westerly to the center line of Burlingame
avenue and along said center line of
Burlingame avenue to the center line
of the main County Road leading from
San Mateo to San Francisco (assuming
said center line of Burlingame avenue
to have been continued through the
Burlingame Depot grounds); thence
along the center line of said main
County Road southeasterly to the center
line of Barroilhet Lane; and thence
along the center line of said Barroilhet
Lane and the division line between
county townships One and Two as ex-
isting in 1889 to San Andreas Creek; and
thence leaving the present boundaries of
said School District and continuing in the
direction of the last course if extended
to the division line between the San
Mateo Rancho and the Felix Rancho;
thence northerly along said division line
between said ranchos to the north-
easterly corner of the Felix Rancho;
thence due east to a large prominent
rock, said rock being the southerly cor-
ner of Buri Buri Rancho and also the
northerly corner of the San Mateo
Rancho; thence easterly along the
southerly line of lands of Ansel M.
Easton to a point on the shore of San
Francisco Bay in the division line divid-
ing the lands of Ansel M. Easton from
those of the Corbett Estate commonly
known as Corbett Farm; thence westerly
along the shore of San Francisco Bay to
the easterly line of township 4 south,
range 5 west, M. D. M., thence due
north along said township line to the
northwest corner of section 18, township
4 south, range 4 west, M. D. M., and
thence due east along the northerly line
of said last-named section one mile to
the point of commencement.

The petition was indorsed by the
School Superintendent. C. N. Kirk-
bridge presented the petition. He said
that the object was to include Burlingame
in the San Mateo School District,
to the end that the former would get
proper school facilities. If the change
were made a large building would be
erected at Burlingame, with sufficient
room to accommodate all the pupils that
were now crowding the San Mateo
school. The District Attorney explained
that the application for the change in
the boundary line was made according
to law. On motion of Eikerenkotter,
seconded by Debedetti, further con-
sideration of the petition was deferred
until the next meeting.

George Barker, representing the San
Mateo Power Co., presented the follow-
ing petition asking for a franchise to
maintain a private railroad across San
Bruno avenue. The object of the road
was to haul material for the construction
of a power plant that is to furnish power
to the United Railroads:

Petition for Permission to Construct and
Maintain a Private Railroad
Across San Bruno Road.

To the Board of Supervisors of San
Mateo County, State of California:
Gentlemen—

The San Mateo Power Company, a
corporation organized under the laws of
the State of California, respectfully
asks as follows:

(1) It is the owner of that certain
tract of land which is situate in the
County of San Mateo, State of Cali-
fornia, and bounded as follows, viz:

On the north by Walbridge Avenue;
on the east by the San Bruno road; on
the south by the lands of F. L. Fridge,
and on the west by Schwiner street, except
only a lot situate on the southwesterly
corner of said Walbridge Avenue and
said San Bruno Road, having a frontage
of 125 feet on San Bruno Road and 175
feet on Walbridge Avenue.

(2) It is engaged in the construction
and erection of a power plant, consist-
ing of certain buildings, engines and
other structures and machinery, upon
the said tract of land, and to facilitate
the construction and erection of such
power plant, is about to construct a
single railroad track from a point on or
near the shore of the Bay of San Fran-
cisco over and along a private right of
way to said San Bruno Road, and thence
across said San Bruno Road to the site
of the said proposed power plant, pro-
vided your permission so to do be
obtained.

(3) It is the intention and purpose of
the said company to construct, maintain
and use such railroad track, not as a
general railroad for the transportation
of passengers and freight, but solely as
a private railroad for the transportation
of building material, machinery and
other articles and things which it will
require for use in the construction and

erection of the said power plant and the
subsequent maintenance and use there-
of, and for other purposes of the said
company.

(4) The said railroad track, when
laid across the said San Bruno Road,
will not obstruct or interfere materially
with the use of the said road as a public
highway.

(5) It is the desire of the said com-
pany to construct the said railroad over
and across the said San Bruno Road at a
place approximately seven hundred feet
distant southerly from the southerly
line of the said Walbridge Avenue, and
to maintain and use the same for the
period of eighteen months.

Wherefore the said company respect-
fully petition your Honorable Body to
grant unto it, said company, the right,
privilege and license of constructing a
railroad track of standard gauge across
the said San Bruno Road along a line at
a right angle with the center line of
said road, and at a distance of seven
hundred feet, or thereabouts, southerly
from the southerly boundary line of said
Walbridge Avenue, and of maintaining
and using such railroad as a private
railroad for the purpose of transporting
building materials, machinery and other
articles and things for its own use for
the period of eighteen months.

In witness whereof said San Mateo
Power Company has, this 4th day of
March, 1905, hereunto caused its cor-
porate name to be subscribed and its
corporate seal to be affixed by its Pres-
ident and secretary therunto duly
authorized by its Board of Directors.

SAN MATEO POWER COMPANY,
By John A. Britton,
Its President,
and by C. W. Coulisk,
Its Secretary.

Chairman Coleman made an order
continuing further hearing of the pe-
tition until the next meeting of the
Board.

MacBain presented the Board a com-
munication from a person who signed
himself "One Who Pays a License",
complaining that Harry Hallett con-
ducted a saloon at Portola without pay-
ing a license. The Tax Collector said
he had received a similar letter and had
investigated the matter and found that
Mr. Hallett was not selling any liquor.
The communication was referred to the
Tax Collector.

L. P. Belgers presented the claim of
Mrs. A. S. Hallide for \$125.82 for water
furnished the Third Road District for
sprinkling purposes. Mr. Belgers ex-
plained that ex-Supervisor McEvoy
would not approve the claim for the
reason that the charge was made by
meter measurement when it should be
by wagon measurement. He thought
the bill was a just one and ought to be
paid. It was ordered referred to Mac-
Bain who approved it and same was
allowed.

The resignation of Fred Vallejo as
Constable of the Fourth Township was
presented and read. On motion of
Debedetti seconded by MacBain the
prayer of the petition was denied.

The affidavit of D. E. O'Keefe show-
ing that ordinance No. 195 had been
duly published according to law was
read and ordered filed.

J. J. Chappell presented a new pe-
tition asking that certain obstacles on
the lower end of Atherton avenue be
removed. The petition recites the fact
that a fence had been put up on the
side of road narrowing it considerably
and objectionable to the traveling pub-
lic. The matter was referred to Mac-
Bain who is to confer with the County
Surveyor.

On motion of MacBain seconded by
Eikerenkotter the office of pondmaster
of Third Township was declared vacant,
and on motion of Eikerenkotter seconded
by MacBain, William Cassie was ap-
pointed to fill the vacancy, he to file a
bond in the sum of \$500. The Clerk
was instructed to issue certificate of
election and approve bond.

Architect Dodge and the American
Hawaiian Construction Company pre-
sented a statement of the cost of certain
changes in the plans of the new Court-
house. The matter was discussed.
When MacBain inquired if the architect
had prepared specifications, Mr. Dodge
said he had not. MacBain explained
that he would not vote for any changes
until the specifications had been pre-
pared. He cited the fact that the state-
ment showed that basins were to be put
in certain offices, but there was nothing
to show what kind or at what price they
would be. The specifications should
show all the particulars, so that any
member of the board could go at any
time and see if the terms of the contract
were complied with. He wanted the
contractor to get a fair price for his
work, but insisted on having everything
put into the building specified. Archi-
tect Dodge was instructed to have speci-
fications prepared for the next meeting
of the Board.

MacBain explained to the Board that
the Santa Clara Board of Supervisors
was anxious to repair its portion of the
San Francisco bridge near the resi-
dence of J. H. Meyer. No action was
taken on the matter.

Liquor licenses were granted to the
following applicants whose petitions
had been presented at a previous meet-
ing:

First township—C. T. Conley, South
San Francisco; bondsman, M. F. Healey
and William Rehberg. George M.
Collopy, Colma; bondsman, Otto Gue-
tersloh and John C. Witt. J. B. De-
martin, Colma; bondsman, Henry F.
Butts and T. Lagomarsino. John Clif-
ford, Colma; bondsman, B. Denen and
J. T. Casey. Charles Carmorlo, South
San Francisco; bondsman, P. Pala and
L. Guerra.

Third township—Thomas Fitzger-
ald, Menlo Park; bondsman, James T.
O'Keefe and D. E. O'Keefe.

Fifth township—Frank Montevardo,
San Gregorio; bondsman, August Surt-
man and Richard McMale.

The following applications were or-

dered re-urned, because in each case
one of the bondsmen was himself a li-
quor dealer, which is forbidden by
the ordinance: Joseph Millett, Colma;
Finger & Blank, South San Francisco;
J. Poket, Colma.

The application of J. Satori and A.
Piomoni of South San Francisco was
laid over for investigation as to the
sufficiency of their bond.

The following liquor dealers filed ap-
plications for license which will be ac-
tued upon a month hence:

First township—J. Jorgensen, V.
Blanchi, Biagini & Diodati, South San
Francisco; John A. Gillen, Harry D.
Pierce & Co., Colma; W. H. Clarke,
Millbrae; Gillman & Lynch, Tanforan.

Third township—J. M. Williamson,
Woodside.
